Dr. Adam Segal

Ira A. Lipman Chair Emerging Technologies / Director, Digital & Cyber Program, Council on Foreign Relations

Adam Segal is the Ira A. Lipman chair in emerging technologies and national security and director of the Digital and Cyberspace Policy program at the Council on Foreign Relations (CFR). An expert on security issues, technology development, and Chinese domestic and foreign policy, Segal was the project director for the CFR-sponsored Independent Task Force reports *Innovation and National Security: Keeping Our Edge* and *Defending an Open, Global, Secure, and Resilient Internet*.

Before CFR, Segal was an arms control analyst for the China Project at the Union of Concerned Scientists, where he wrote about missile defense, nuclear weapons, and Asian security issues. He has been a visiting scholar at the Hoover Institution at Stanford University, the Massachusetts Institute of Technology's Center for International Studies, the Shanghai Academy of Social Sciences, and Tsinghua University in Beijing. He has taught at Vassar College and Columbia University. Segal is the author of *The Hacked World Order: How Nations Fight, Trade, Maneuver, and Manipulate in the Digital Age* (2016), *Advantage: How American Innovation Can Overcome the Asian Challenge* (2011) and *Digital Dragon: High-Technology Enterprises in China* (2003). He also writes for the blog, "Net Politics."

Segal has a BA and PhD in government from Cornell University, and an MA in international relations from the Fletcher School of Law and Diplomacy, Tufts University

Dr. Segal last testified before the Commission at its April 2020 roundtable on "A 'China Model?' Beijing's Promotion of Alternative Global Norms and Standards."
