

James L. (JB) Brown
CEO, BCI Solutions

James L. (JB) Brown is the 4th generation in the family-owned company established by his great-grandfather in 1939. He began his career early at BCI working in all departments of the foundry during his high school summers, ICE programs and while attending Purdue and Indiana University. JB received an Executive Management Certificate from the University of Notre Dame and a General Management Certificate from the University of Texas/Austin, JB started his full-time career in 1993, becoming company president in 2005 and CEO in 2020. He became Chairman of the Board of BCI in 2021.

JB is very active, serving on several industry boards including the Michiana AFS, Purdue University Metalcasting Advisory Board, Ductile Iron Society, Indiana Cast Metals Association, Iron Casting Research Institute; as well as the Indiana Manufacturer's Association. He also serves on the Marshall County Community Corrections Board of Directors. JB was a long-time member of YPO and recently graduated to YPO Gold.

JB and his wife, Lisa, have 2 grown children who have also followed in his footsteps. His daughter Jordan has worked at BCI for over 8 years and son, Ryan, who recently graduated from college, has started in BCI Sales.

Mr. Brown has not previously testified before the Commission.
