**Vice President, Information Advantage, Two Six Technologies**

**Rebecca Fair** is the Vice President of Information Advantage at Two Six Technologies. She spent a decade as a CIA officer in a variety of roles and brings a deep understanding of the national security community mission sets. She was the CEO and co-founder of Thresher, a software company acquired by Two Six Technologies that uses unique data sets and machine learning to help decision makers in government and industry decode China, even when others intentionally manipulate the narrative. She started her career living and working in Russia at the International Finance Corporation, a division of the World Bank.

*Ms. Fair previously testified at the Commission's 2021 hearing titled "U.S.-China Relations in 2021: Emerging Risks."*
