

**Brian Menell**  
**Chairman and CEO, TechMet**

Brian Menell is the Chairman and CEO of TechMet Limited, a leading critical minerals investment company with a portfolio of assets that responsibly produce, process, and recycle the metals that are critical to building the global energy transition. He has over 25 years' experience funding, developing and managing mining, energy, trading and agri-industry projects across Africa, Europe and the Americas. TechMet's portfolio of assets includes lithium extraction from both brine and hard rock sources, nickel and cobalt hydroxide production from laterite ores, vanadium chemical production from industrial waste feedstocks, rare earth production and processing, tin and tungsten mining, lithium-ion battery recycling, and high-performance cathode manufacturing. He serves as a Director of a number of TechMet's investee companies, including: Trinity Metals Ltd., US Vanadium LLC, Brazilian Nickel Ltd. and TechMet-Mercuria SA.

Mr. Menell holds a B.A (Hon.) in Political Science & Economics from the University of Pennsylvania.

*Mr. Menell has not previously testified before the Commission.*
